Motion Regarding Creation of a SSMU Social Media Policy

Whereas, social media has become an increasingly important part of society;

Whereas, the SSMU uses social media such as Facebook and Twitter to communicate with its membership;

Whereas, the SSMU does not have an official policy regarding the use of social media;

Whereas, such a policy could provide a useful framework to govern the SSMU's use of social media;

Resolved, that the Legislative Council mandate the creation of a Social Media Policy,

Resolved, that the Social Media Policy address issues including, but not limited to: purposes of usage; degrees of transparency and openness; private communications; access; censorship; equity; responsibility; correction; and representation,

Resolved, that the Social Media Policy be drafted by the Executive Committee and presented to Legislative Council for debate and adoption by October 31, 2012.
