

### **Plebiscite question: Funding the TaCEQ**

Whereas the Table de Concertation etudiante du Quebec (TaCEQ) was formed in April 2009 by SSMU and three other student associations, from around Quebec, and;

Whereas the TaCEQ was formed to represent the above associations externally, and to lobby and mobilize campaigns on post secondary education issues, and;

Whereas the member associations of the TaCEQ are against levying fees (something done by TaCEQ's counterparts) from students to finance the operations of the TaCEQ, and;

Whereas the TaCEQ has been seeking official recognition from the provincial Ministry of Education in order to be eligible for grants called the *Bourse des Permanents*, which would finance the operations of the TaCEQ, and;

Whereas the FEUQ (the TaCEQ's main counterpart) receives this funding from the government, and;

Whereas the Ministry of Education has, as yet, not officially recognized the TaCEQ, therefore rendering the latter ineligible for these grants;

Do you support TaCEQ's continued position to lobby the Province for funding to finance its operations instead of levying fees from students?

Respectfully submitted,

Sebastian Ronderos-Morgan, VP External 2009-2010
